**Crew Management System is Case Sensitive.**

**Click on Show List:**

[illegible]

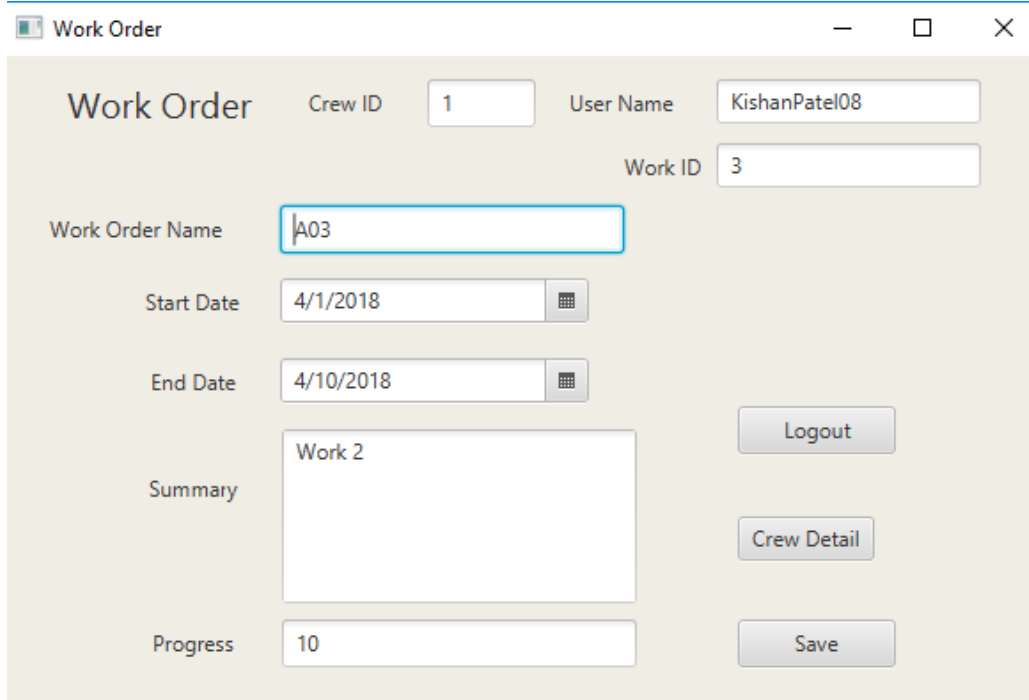

A crew has work order and admin can see the list of work orders associated with different crews.

**Admin can add crew -> Add Crew Button**

The screenshot shows a window titled "New Crew" with a standard Windows title bar (minimize, maximize, close buttons). The main content area has a light beige background and is titled "Add Crew". It contains a form with the following fields: "First Name" (with a blue border), "Last Name", "Date of Birth" (with a calendar icon), "Phone", "Email", "Gender", "Password", and "Title". At the bottom of the form are three buttons: "Crew Details", "Save", and "Reset".

**Admin can Create WO -> Create WO button**

The screenshot shows a window titled "Work Order" with a standard Windows title bar. The main content area has a light beige background and is titled "Work Order". It contains a form with the following fields: "Crew ID" (value: 1), "User Name" (value: KishanPatel08), "Work ID" (value: 3), "Work Order Name" (value: A03, with a blue border), "Start Date" (value: 4/1/2018, with a calendar icon), "End Date" (value: 4/10/2018, with a calendar icon), "Summary" (text area with value: Work 2), and "Progress" (value: 10). On the right side of the form are three buttons: "Logout", "Crew Detail", and "Save".

How Creation of WO works: Double click on Crew

- ➔ Blank WO – if no WO linked to Crew
- ➔ Created WO – if WO is created of that Crew
  - Disable Record : If Progress equal to 100
  - Enable Record : if Progress not equal to 100

**Hide Button:**

Just hides the record temporarily

**Delete WO Button:**

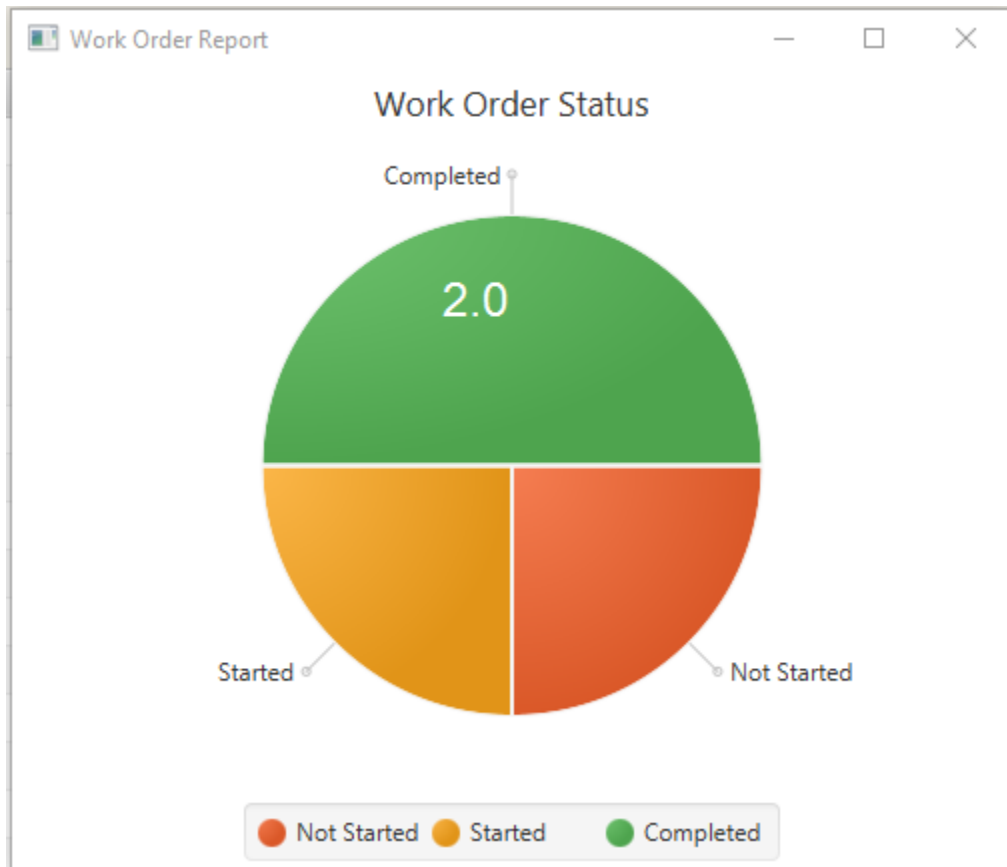

Deletes the WO but crew still remains.

**Delete Crew Button:**

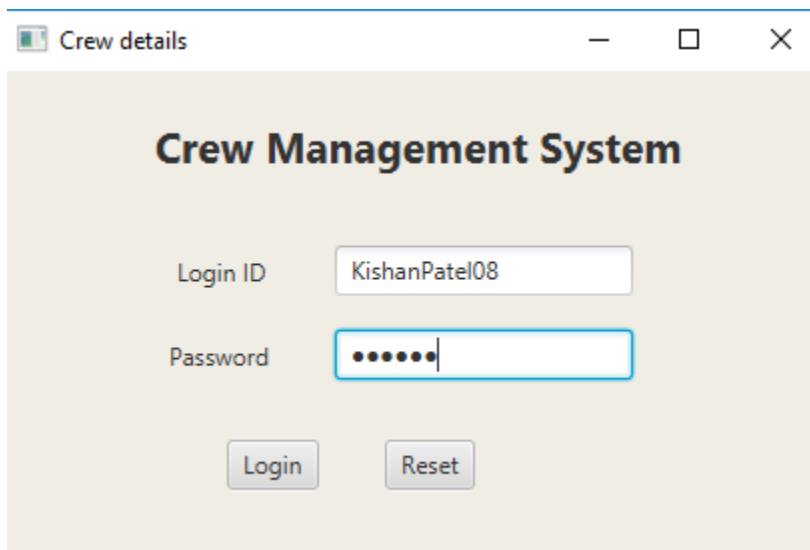

Deletes Crew and WO associated with it.

**Stats Button:**

Admin can see how many WO are completed, not started or started.

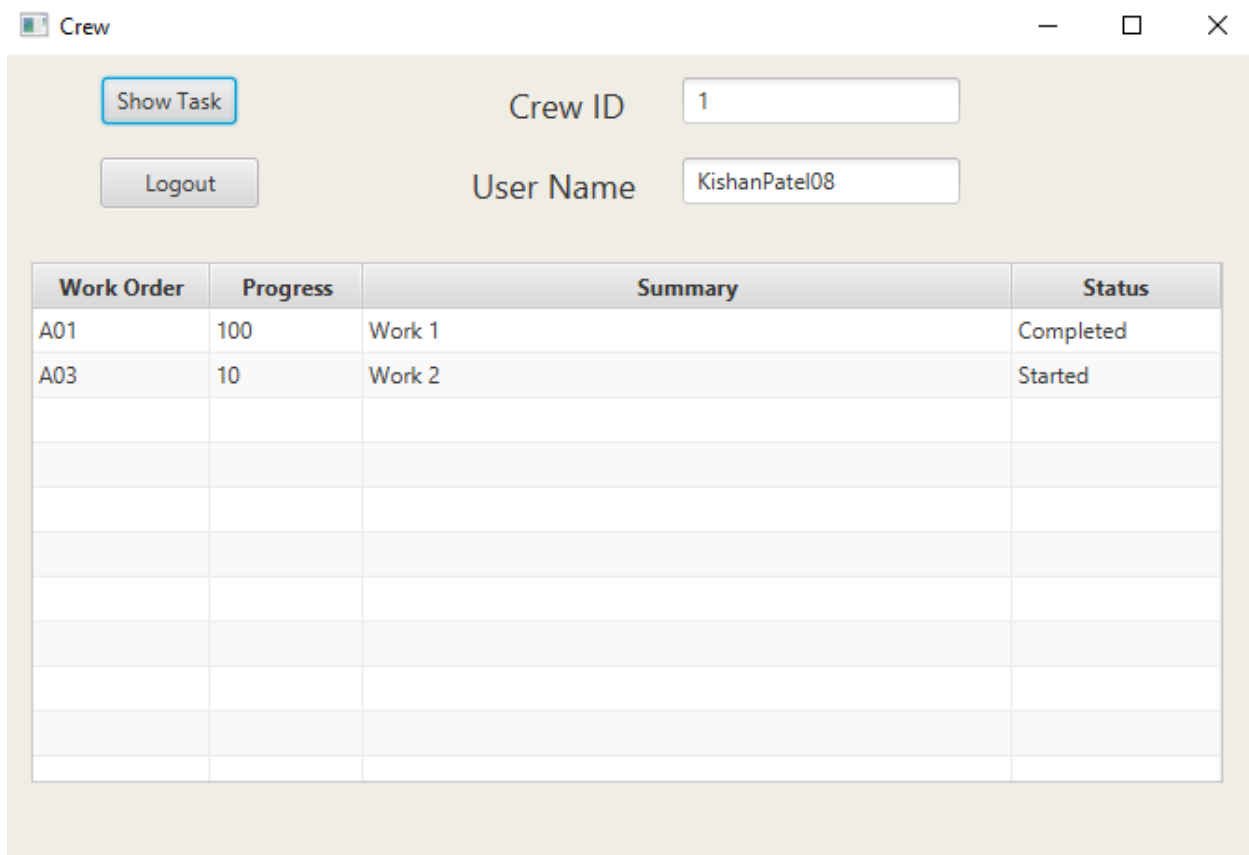

Crew/User:

The screenshot shows a window titled "Crew details" with standard window controls (minimize, maximize, close). The main content area has a title "Crew Management System". Below the title, there are two input fields: "Login ID" with the text "KishanPatel08" and "Password" with masked characters "•••••". Below these fields are two buttons: "Login" and "Reset".

Show Task Button:

Shows the task associated with the Crew/User

The screenshot shows a window titled "Crew" with standard window controls. The interface includes a "Show Task" button (highlighted with a blue border) and a "Logout" button. To the right of these buttons are two input fields: "Crew ID" with the value "1" and "User Name" with the value "KishanPatel08". Below these fields is a table with four columns: "Work Order", "Progress", "Summary", and "Status".

Work Order	Progress	Summary	Status
A01	100	Work 1	Completed
A03	10	Work 2	Started

User/Crew can change Progress and Status by double-click on that column and hit Enter.
